

Lodgepole Update

August 2024

Recycling Aluminum Soda Cans

Cans and aluminum soda cans can now be recycled together! Both go in the steel section of the recycling container.

No Burning

Did you know burning of garbage, trash, and waste is not allowed within Village limits? The Lodgepole Municipal Code 4-205 Garbage; Unlawful Burning states, "It shall be unlawful for any person or persons to burn any garbage, human, animal or fowl waste in any form within the corporate limits of the Municipality."

Please don't touch your water meter or pit. For help with turning water and sprinklers on or off, call the office, (308) 483-5353.

Old Settlers 2024

This year is the Old Settlers 100th Year Celebration—a momentous milestone in our heritage! Your contributions help fund the activities planned for Labor Day weekend. Your generosity is truly appreciated. Donations can be mailed to Old Settlers at 14960 Rd. 24, Lodgepole, NE 69149. Let's celebrate 100 years of history together! We can't wait to see you there!
